

LIC Volunteers Help Feed Homeless

One good turn deserves another!

On the first Saturday evening of the month, volunteers from [Lewisham Islamic Centre](#) stock up on food to share out with London's homeless. This month was the second time we had done this, and this time we went into central London where the number of homeless is sadly very high.

We are proud of the generosity that our community is happy to demonstrate. As Muslims, we believe that Allah ﷻ is most pleased by small deeds done consistently, so we pray that we will be able to maintain this simple act of charity.
