

LIC at Lewisham and Southwark College Faith Fair 2016

"The Faith Fair goes from Strength to Strength!"

Another year, another Faith Fair, yet the enthusiasm, far from waning, only grows from year to year.

This year the Annual [Lewisham and Southwark College](#) Faith Fair took place on Thursday the 14th of April. The [Lewisham Islamic Centre](#), as is its wont, took part along with other Faith Communities in the London Borough of Lewisham. As always, the fair presents a great opportunity for various faith communities to represent and present their beliefs in a very welcoming and respectful atmosphere, to educate, correct misconceptions, and dispel fictitious opinions.

Far from being solely a forum showcasing different faiths and beliefs, events like this without doubt promote diversity and much needed tolerance to maintain that diversity as we all strive to build the most socially cohesive borough possible, and a worthy example for the rest of British society.

The importance of faith initiatives can never be overstated and the Lewisham Islamic Centre would like to thank and congratulate Lewisham and Southwark College for taking the lead and organising another successful event. Further appreciation is offered to the London Borough of Lewisham for its ongoing support and more.
