

PRESS RELEASE

LEWISHAM FAITH LEADERS UNITED AGAINST MURDERS IN NICE

Faith Leaders across the borough of Lewisham are united in condemning the shocking murders in Nice, France, on 14th July. Such an act of murder on families and children celebrating a public holiday has no basis in any religious belief.

Lewisham's Faith Leaders reject all such acts of violence and terrorism, wherever they occur, in London, Europe or the Middle East. We renew our commitment to working together here in Lewisham for peace, justice and a community of mutual trust and respect.

Lewisham has a proud history of diversity and tolerance and is home to people from many nations and cultures. As Faith Leaders we celebrate this multicultural heritage as an example of intergration and cooperation.

Our recent Walk for Peace (29th May 2016) was a clear demonstration that our common humanity and shared community are strong bonds and we can enjoy learning from each other's different traditions and perspectives on the world. We urge the people of Lewisham from all faiths and none to work together with our Police and civic authorities to strengthen those bonds and protect peace.
